iBox

The KeyBox with a brain

Easy to use

Infrared technology allows you to choose from many key devices to beam open the iBox and retrieve the listing keys. The key container is large enough to hold at least three keys and yet the iBox is slender enough to fit behind screen or storm doors.

A secure lockbox you can trust

Only authorized agents can access the iBox. The solid UL-approved construction is extremely resistant to attack and severe weather.

Using the iBox to help market properties

The iBox allows you to customize the hours of access, accommodating your seller's lifestyle. You may also store last-minute showing instructions, a marketing flyer, even your business card in the iBox for showing agents. The customizable features of the iBox facilitate the showing process and provide greater client satisfaction on both sides of the transaction.

ActiveKEY

Simplest access to KeyBoxes

Feel the Freedom with ActiveKEY

Using ActiveKEY is simple, convenient, and secure. Receiving the information you need is easier than ever. No cradle is required. No effort is required. Place ActiveKEY in your hand and feel the freedom! Automatic, immediate connection provides:

Automatic, immediate connection provides:

- Convenient delivery of showing information
- Real-time notification of showings
- The first key designed for mobile real estate professionals—no PC, no phone line required
- Easy-to-read backlit display makes all buttons easy to see
- Flashlight illumination for dark doorways
- Read KeyBoxes at listing
- Display messages from associations, MLS, and broker
- Secure Token MLS access ensures security

iBox makes your job easier

Stores 100 activity records. Readable with your key.

ActiveKEY

Communicates with iBox through infrared signal wirelessly provides real-time showing information.

eKEY Basic

All-in-one tool to lighten your load

Get organized with a Smartphone

Streamline your life with productivity tools—calendar, contacts, memos, tasks and much more.

Over 30 different Palm® or Microsoft® Windows Mobile™ 5.0 or later handheld devices are approved for use as an eKEY.

Go wireless for increased efficiency

If you choose a Smartphone your key will update wirelessly. (Since wireless availability varies by location, most can also be updated using your PC and Internet.)

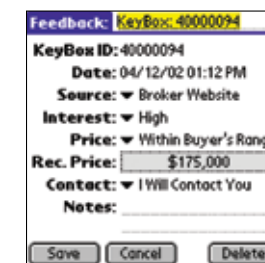

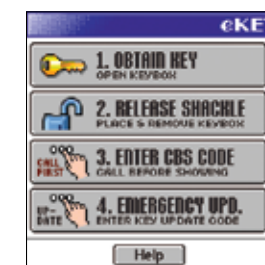

Customize your KeyBoxes

- Set access hours as you take a listing—separate hours for weekdays, Saturday, Sunday
- Beam specific showing notes, listing highlights and your business card into your iBoxes
- Track your KeyBox inventory right on your Smartphone
- Send buyer feedback to listing agents

Save time using the networked system

If you've had showings, you will see a message when you update your Smartphone. Log onto the KIM Web site to view showing details.

eKEY Basic

Feel the freedom

You choose your Palm OS or Windows Mobile eKEY device.

eKEY Professional

Increase sales with more information

Save time every day

Agents who use eKEY Professional can save at least 30 minutes a day. Enjoy all the benefits of productivity tools and KeyBox functions plus information at your fingertips.

Always have your MLS information with you

When you update your key, the system sends fresh information right to your eKEY. Wherever you go, you'll be able to:

- View Hot Sheets
- Search listings five ways, including address or MLS listing ID
- View maps connected to listings at the tap of a button
- Find current contact information for other agents
- Read showing details right on your key
- Calculate mortgages on the spot

Better service for your buyers

eKEY Professional allows you to create a mini-profile for each of your buyers on your Smartphone. You'll be able to meet your buyer's ever-changing needs wherever you are. Every place becomes your office.
